WHY IT MATTERS

Your website is your first impression, and customers are judging it.

Before a customer calls, walks in or books, they look you up. These numbers show what is at stake when they find a great site, a slow one, or nothing at all.

75%

of consumers judge a company's credibility by its website design

Stanford Web Credibility Research

94%

of first impressions are design-related

Northumbria University study

53%

of mobile visitors leave a page that takes over 3 seconds to load

Google / SOASTA Research

46%

of all Google searches have local intent

Google

76%

of people who search for something nearby on a smartphone visit a business within a day

Google / Think with Google

~27%

of small businesses still have no website at all

Clutch small business survey

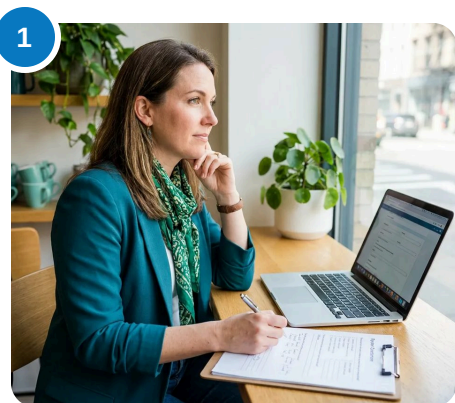

Businesses without a strong online presence lose customers to the ones that have it.

MiSitiOWebs gets you found, trusted and contacted.

HOW IT WORKS

From first question to live website in three steps.

No designers to hire, no code to write. See your site first and only pay when you approve it.

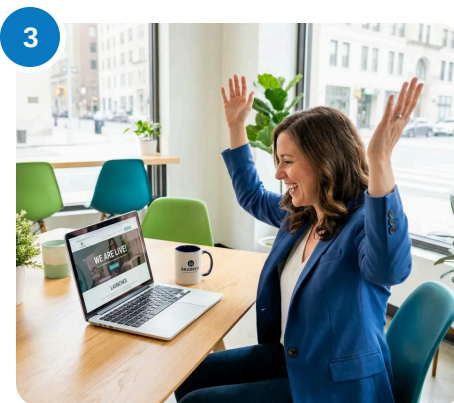

1 Answer a few questions

Tell us about your business, services, location and style. It takes a few minutes.

2 AI builds your site

Our AI writes the copy, picks the design and builds every page for your industry.

3 Review and go live

See your finished site first. Approve it, and it launches on your own domain.

WHAT YOU GET

Built in minutes

Go from idea to live website in under an hour, not weeks.

SEO-ready

Search-friendly structure, metadata and speed built into every page.

Mobile-first

Looks and works great on every phone, tablet and desktop.

English + Spanish

Reach customers in both languages with a built-in language switch.

Leads texted to you

Every form submission lands on your phone instantly.

Unlimited edits

Just text us what to change. No dashboards to learn.

Free domain & hosting

Premium hosting, backups and security are included.

Business email

Professional email at your own domain name.

Analytics

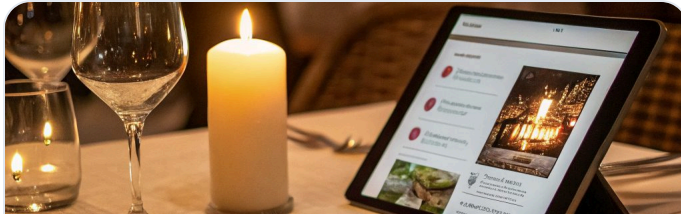

See who visits, where they come from and what they do.

A real team behind every site.

Text us a change and we handle it. No dashboards to learn.

Built for your industry, not a one-size-fits-all template.

Every MiSitoWebs site starts from industry-specific structure, copy and features.
